

Fill your baby bottle with prayer!

As you are filling your baby bottle, we encourage you to spend time praying over our ministry at Women's Hope Medical clinic & Hope Adoptions. We believe this mission is very near to the Lord's heart, and we have seen Him work in mighty ways through prayer. Thank you for joining us in this way!

Here are some specific ways you can pray:

Pray for our clients -- that they will be strong in the midst of their circumstances. Pray that they would come to know the love of Jesus.

Pray for our staff & volunteers. Pray for wisdom, grace, & guidance as we meet with women & families.

Pray that our ministry continues to bring hope. Pray for East Alabama to become a community that values life in all circumstances.

We are so grateful to have you praying! Thank you!
